Please feel free to contact us if you have an interest in using our system.

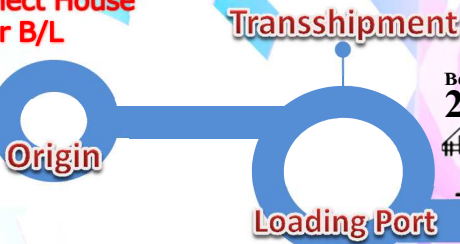

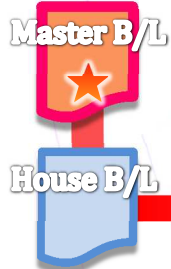

To NVOCC (AHR Filers)

AFR - Japan 24 rules turns greatly in October 2017!!

- *Telephone numbers of Shipper/Consignee/Notify become the required items.
- *Master B/L No. and other items can be updated after ATD of "Port of Loading".
- *NVOCC need not to correct the transship vessel by connecting with AMR.

AFR Procedure after the 6th renewal NACCS

When you connect House B/L with Master B/L before ATD,

The vessel data of AHR interface with Carrier's AMR automatically!!
Not need to update.

Before 24h

Japan

Possible to correct AFR reports until the vessel arrives at Japan [before Carrier submits Import Manifest] !!

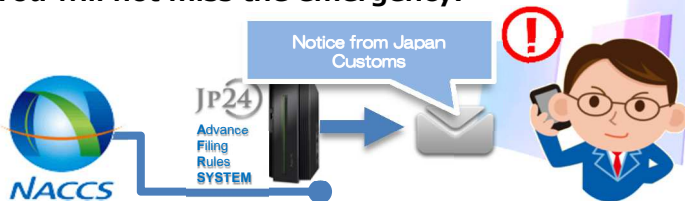

SANKYU is AFR Service Provider.

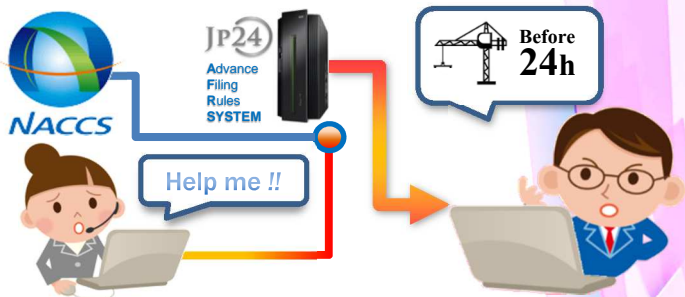

NVOCC can solve various problems of AFR and submit AHR reports smoothly by our support.

about SANKYU's AFR SP Service

You can receive the notice from Japan Customs by automatic e-mail transfer.
You will not miss the emergency.

You can share the AHR information with partners in the world.

Our SP system fully corresponds to the 6th NACCS in October 2017 !!

Supporting by 3 languages of English, Japanese, and Chinese !!

SINCE 1918.
